| 13. Scope of Work This initiative builds upon the President's Council on Integrity and Efficiency's previous work on core competencies by making Skillsoft E-Learning available to the PCIE community. Focusing on Goal III, Objective A of the PCIE Strategic Framework, this project helps identify emerging issues within the Federal Government, the PCIE, and the ECIE, and improve professional staff development programs that build upon the identified core competencies of the community in a cost effective manner. Skillsoft has over 2000 courses, many certified by external groups within the Auditing and Accounting fields, and over 6000 books on-line, and is experimenting with a new "virtual classroom" for interactive group learning. This pilot will also be incorporated into the curriculum of the PCIE's three learning organizations: the Investigative Academy, the Inspector General Auditor Training Institute, and the Management Institute.
